**February 12, 2025**

### **Town of Fort Mill Opens New Town Hall**

After a comprehensive facilities study was completed in 2023, the Town of Fort Mill purchased the buildings located at 123 and 205 North White Street, closing in May 2024. These office buildings, previously home to the Springs Executive Office and the Springs Research and Development Center, sit immediately adjacent to the Town's Amphitheater, Walter Y. Elisha Park, Veterans Park, and Main Street.

Since closing, the Town has completed maintenance, upgrades, and renovations to the facility. The Town is scheduled to relocate a sub-set of its nonpublic-facing administrative employees on February 20, 2025, followed a month later, on March 28, by its Police Department staff.

Several internal service and management functions will be moving first to the new Town Hall, but due to ongoing remodeling, all public facing Town services will continue to operate out of what will now be known as the Fort Mill Town Hall Annex, located at 200 Tom Hall St. through the next year. The public should continue visiting our 200 Tom Hall Street location (across from the Fort Mill Post Office) for the following services until further notice:

- Building permits
- Planning and Zoning needs
- Utility payments
- Court payments

The first Fort Mill Town Council meeting to be held at 205 N. White St. is tentatively scheduled for March 24, dependent on construction inside the building. As for Municipal Court, the final court session at its current location (112 Confederate St.) will be on March 19. There will be no court dates in April during the transition. Court will then resume at Town Hall on May 14.

The Town of Fort Mill is under contract to sell the buildings located at 112 Confederate Street and 200 Tom Hall Street to the David Martin Law Group and the First Baptist Church of Fort Mill, respectively.

A public open house for the new Town Hall is expected to occur in late March, 2025, stay tuned for a formal announcement.
