

Town of Fort Mill Policies and Procedures (Building Inspection Division)

Effective Date: 7-18-2019

Plumbing Test-Plug Policy

Because of complaints and because of possible damage these devices may cause to our sewer lift stations, we (TOFM Inspection Department) will no longer let the pressure off any plumbing test plug as a part of our inspection process. This will eliminate any chance of the Town of Fort Mill being responsible for any damage these devices may cause.

Submittal Requirements: Plumbing Test-Plug Policy (Formatted July 1, 2020)
